PEPIN AREA SCHOOLS EXTRACURRICULAR CODE

Participation on Pepin School District's athletic teams and co-curricular activities is an integral part of the Pepin School experience and is a privilege which should elicit great pride in both the student and his/her family. While our number one goal as a school district is to provide a sound academic foundation for all of our students, athletic and co-curricular activities provide unique opportunities for students to promote their mental, physical, social, and emotional development. By providing strong athletic and co-curricular programs, Pepin School District extends the opportunity of enriching the mind and body to any student who meets district, Wisconsin Interscholastic Athletic Association (WIAA), and other applicable governing bodies' requirements. Like anything of value, it comes at a price. That price is a commitment from the participant to follow established rules. Student-athletes and co-curricular participants who comply with the Code of Conduct demonstrate a commitment to dedicate themselves to self-improvement as well as to enhance the best interests of fellow teammates, advisors/coaches, and their school. If accepted, this privilege carries certain responsibilities, and this code presents these responsibilities.

GOALS

Athletics and co-curriculars are an integral part of our educational program. It provides opportunities for learning experiences difficult to duplicate in other school activities.

Pepin School's athletic and co-curricular activities have the following goals:

1. To develop leadership skills and responsibility.

3. To be fair and treat others as one wishes to be treated.
4. To provide activities through sports for learning self-discipline, loyalty, team play, personal pride, respect for the rights of others and the desire to compete to the best of one's ability.
5. To treat all persons respectfully regardless of individual differences; to show respect for legitimate authority (e.g., coaches, officials, captains).
6. To accept responsibility and to set a good example for teammates, peers, younger students, fans and school community.
7. To understand the necessity of abstaining from the use of alcohol, tobacco, and other substances in order to achieve the positive benefits of interscholastic athletics and achieving personal best.
8. To help student-athletes realize that participation in interscholastic athletics is a privilege with accompanying responsibilities.

RESPONSIBILITIES

It is important to understand that participating in athletic and co-curricular activities is a privilege and not a right. You are also expected to share in the responsibility for such an opportunity that is provided which shall include:

Responsibilities to You: The most important of these responsibilities is to broaden and develop strength of character. You owe it to yourself to derive the greatest benefit from your high school experiences, to live a healthy lifestyle, and to respect your health both physically and mentally at all times.

Responsibility to Your Academic Studies: Your academic studies and your participation in athletic activities prepare you for your life as an adult. Athletics and co-curriculars, while very important to young people, are only a small part of life.

Responsibilities to Your School: Another responsibility you assume as a team member is to your school. Pepin Schools cannot maintain its position as having outstanding schools unless you do your best in the activity in which you are engaged and are a good role model. Other students and faculty are watching you. They know who you are and what you do. Make them proud. Be an example. Do not do anything to let them down.

Responsibility to Your Community: The community and school tax monies make athletic and co-curricular activity experiences possible. For that reason, we must remember that we hold a clear and paramount responsibility to our community. You assume a leadership role when you are involved with a sport. The student body and citizens of the community know you. You are very visible with the spotlight on you. The student body, the community and other communities

judge our schools by your conduct and attitude, both on and off the field. Because of this leadership role, you can contribute significantly to school spirit and community pride.

Our desire is that our students are *1st Class*, not for the fact that we win, rather that we are known as a program of character, excellence, and pride whose individuals demonstrate Respect, Responsibility, Integrity and Courtesy. Make fans and spectators proud of you, your school, and community by your consistent demonstration of these ideals.

Responsibility to Others: As a team member you also bear a heavy responsibility to your home. If you never give your parents anything to be ashamed of, you will have only just begun to measure up. When you know in your heart that you have lived up to all of the training rules, that you have practiced to the best of your ability everyday, and that you have participated in the activity “all out,” you can keep your self-respect and your family can be justly proud of you--win or lose.

Responsibility to Younger Students: The younger students are watching you. They know who you are and what you do. The older, upper-classmen athletes and participants are role models for the underclassmen, siblings and other children in our community. Make them proud. Be an example. They will copy you in many ways. Set good examples for them.

CODE OF CONDUCT RULES, MISDEMEANORS, AND VIOLATIONS

As an athlete or co-curricular participant, it must be understood that this Code of Conduct program is not designed to be a reactive punishment but a proactive deterrent to your involvement in risky and dangerous behaviors. It is also to ensure that you have the best opportunities to succeed in your sport and to learn the valuable lessons that athletics can teach. Your mental and physical well-being is essential to your safety and success and we want you to reach your full potential. Therefore, we are asking you to become an active part of the solution, not to be part of the problem.

3. **Prohibition on the Use, Distribution, and/or Association* with Illegal Drugs**, Alcohol and Tobacco**

Students involved in co-curricular activities at Pepin High School shall not **at any time (12-month, year-around)** use, have in their possession, distribute, or be in association with the illegal use of drugs or drug paraphernalia. (Drugs are defined as tobacco, alcohol, illegal drugs, marijuana, synthetic drugs, e-cigarettes (or similar devices), performance enhancing drugs, or medications without a prescription or use not in accordance to prescription directions.)

* For the purposes of this code, “Association” with drugs**, narcotics, alcohol and tobacco or other illegal activities is defined as follows:

Students are not allowed to attend gatherings where they are in the presence of and/or associating with the illegal use and/or possession of illegal substances (alcohol, tobacco or drugs) or where other illegal activities are taking place by others. (Association means being in direct contact with an illegal act, i.e., being at a party where illegal consumption of alcohol, tobacco or other drugs is occurring. It also includes standing in a group of people who are illegally consuming alcohol, tobacco or drugs.

Students who find themselves at a party or in the presence of illegal activities as outlined above and do not leave or make every effort to leave the premises or party will receive a code violation as stated above.

Exceptions to this definition are: family/relative or special gatherings, e.g., weddings, graduation parties, family reunions. If there is any doubt, please contact the school. **These exceptions do not, however, allow the use of alcohol or drugs by any student under this code.**

** For the purposes of this code, “illegal drugs” includes use and/or possession of prescription drugs (controlled substances) and paraphernalia that are not issued to the student by a doctor.

Honesty Clause:

1. The athlete shall be truthful.
2. The athlete shall be forthcoming with information.
3. The athlete shall not be deceptive or untruthful.
4. The athlete/co-curricular participant shall be cooperative.

If a Pepin School District administrator or athletic director has a reasonable suspicion that a specific student may have violated the district’s Code of Conduct, he/she may question that student about a possible violation. In responding to any such

questioning about his/her personal actions, **it is expected that the student will answer truthfully**. Also during the questioning process, a student may not attempt to mislead or misrepresent himself/herself, which may impede the investigation. If a student's answer is subsequently found to be untrue, disciplinary action/penalty will be doubled. (Example: a half season suspension will become a full season.)

- A. **First Offense- Suspended from competition for 50 percent of all regular season events for those activities the student is involved in following the offense.** The student can have the suspension reduced to 25 percent of all regular season events for those activities that student is involved in following the offense if they participate in the Student Assistance Program (SAP) as administered by the school.

First Offense Self Referral--A student may do a **self-referral** to a school administrator, coach/advisor, guidance counselor, or athletic director and request help with a drug, alcohol or tobacco problem and will not serve a suspension under the following guidelines:

1. A student **cannot** self refer himself/herself to get out of a code violation that has:
 - i. already come to the attention of a school official or witnessed by a school official – or –
 - ii. police action has been taken toward the individual – or -
 - iii. a responsible eye witness has brought the information regarding the situation to a school official – or -
 - iv. the student's role in the incident is already in the school's investigation stage of due process.

This determination will be made at the sole discretion of the school administration.
2. The student has a **72-hour window of opportunity** to self refer himself/herself after a code violating event.
3. A **self-referral is considered a one-time option** for a student who has not had any code violations.
4. A **self-referral is considered a first offense without suspension. Any code violation after a self-referral will be the student's second offense** and will be enforced at that level in the code.

- B. **Second Offense**--The **second offense will result in a full season suspension** of activities the student is involved in following the offense. The student can have the suspension reduced to 50 percent of a season if the student agrees to and completes an AODA evaluation (and all follow up requirements from the evaluation) from an outside agency. Families will be responsible for the expense of the evaluation.

- C. **Third Offense--Third and successive violations of any kind will result in twelve-month suspensions from the date of the violation.** An AODA evaluation (and all follow up requirements from the evaluation) from an outside agency will be required in order to regain eligibility following the suspension period. Families will be responsible for the expense of the evaluation.
- D. If a student is suspended from competition at the start of a WIAA tournament series, he/she is suspended from all play for the entire tournament.
- E. If a student fails to complete the season in an activity, the penalty shall remain in full effect for the next season of participation.
- F. If an athlete chooses to serve a suspension in a new sport, the athlete must fully participate in that sport season beginning from the first day of practice through the end of the season. Failure to comply with this requirement will NOT satisfy the athlete's suspension.
- G. A student-athlete who has a code of conduct violation will not be eligible for either a nomination or be the recipient of any conference award at the conclusion of the season in which the violation was served. The athlete will also not be eligible for any team or coach's award such as Most Valuable Player, Most Improved, etc. An athlete may receive a team award based on a statistical award such as Most Rebounds or best batting average, etc. The athlete will be allowed to receive any WIAA Tournament series award.
- H. Any student-athlete who has a code of conduct violation will not be allowed to serve as team captain for any team for one calendar year (365 days) beginning on the date the violation was substantiated by the Athletic Director.

4. **Inappropriate Behavior:**

A student may have his/her participation privileges suspended by an administrator or by the coach/advisor with the approval of the administration as a result of any **criminal** or **inappropriate** behavior. Respect, courtesy, manners and good sportsmanship are basic to good citizenship and shall form the basis for all behavior. Since athletes represent the school in public, their behavior frequently determines the opinion outsiders have of the school and community. It is expected that the conduct of student- athletes will be exemplary at all times. Below is a partial list of examples that are considered behavior unbecoming of an athlete:

- Unexcused absences
- Academic dishonesty

- Bullying/Harassment/Hazing/Cyber bullying
- Vandalism or Property Destruction
- Poor sportsmanship including name calling, obscene gestures, and/or fighting.

If a student wishes to challenge a suspension, he/she (and his/her parent/guardian) may meet with a panel that includes the Athletic Director, Dean of Students, his/her coach, and one other staff person outside of athletics/activities chosen by the District Administrator to review the charge. If the student wishes to further appeal the charge, the following process shall be followed:

The District Administrator will meet with the parties involved, review the charges, and make a final decision. Students are free to appeal procedural errors to the school board, and if still not satisfied with the decision, the student may appeal to the WIAA. The process for this procedure is located in the WIAA handbook located in the high school office. **The student will remain ineligible for competition during the appeals process.**

The student must agree to see the SAP coordinator and follow his/her recommendations satisfactorily.

B. **Second Violation**

The student shall lose eligibility for all of the public performances in any given school year or a minimum of 1 performance in all current activities in which the student is a participant.
